# Product Size & Specifications

The DRS-90T Sweeper is a high-performance, industrial-grade cleaning machine equipped with advanced technology, a powerful sweeping system, and user-friendly controls. It ensures maximum cleaning productivity with minimal maintenance.

|                     |          |                        |                  |
|---------------------|----------|------------------------|------------------|
| Clear Water Tank    | 30L      | Voltage                | 48V              |
| Waste Dust Tank     | 100L     | Suction Motor Power    | 100x2W           |
| Sweeping Width      | 1250mm   | Main Brush Motor       | 700W             |
| Center Brush Size   | 530mm    | Side Brush Motor Power | 2X90W            |
| Side Brush Width    | 2X460mm  | Drive Motor            | 1000W            |
| Cleaning Efficiency | 7000m2/h | Weight                 | 320Kg            |
| Battery Capacity    | 65X4Ah/h | Size                   | 1395X1250X1325mm |
| Working Time        |          | 3-4 hours              |                  |

## Product Performance

The DRS-90T's 65X4 Ah battery assures extended operation, providing stable and constant power for tough cleaning activities. This high-capacity battery is designed for efficiency and improves the Sweeper's performance, allowing it to work continuously for lengthy periods of time. Its fast-charging capability and sturdy design make it suitable for both indoor and outdoor use, assuring maximum productivity with minimal downtime.

LEAD ACID-65 battery,  
6 years of service life/4hours  
of charging/4 hours of  
battery life

Smart charger, thermal  
safety protection after full  
charging

Electronic lock device safer  
storage

Rare earth permanent magnet  
brushless motor, 10 years of  
service life/low noise/light  
power consumption/strong  
power

Intelligent integrated instrument,  
Long waterproof life/one click loading  
and unloading brush disc

Efficient decontamination  
without leaving traces

## Front Spray Device

Adopting fog type dust suppression technology, the cleaning effect is better, and green cleaning does not raise dust

**Spray, no dust emission**  
Front spray, effectively reduces dust

**High Density Nylon  
Edge Brush**

**Sweeping & Vacuuming  
2-in-1**

## Types of brushes used in this machine

**Main Brush**

**Side Brush**

**Filter Element**

## Double brush linkage

Double sided brush+main brush, improving work efficiency and greatly improving cleaning intensity.

**Sweep While Vacuuming**  
Dual Side Brushes For Dust Collection,  
Enhanced Cleaning Efficiency

## Strong climbing ability

Strong climbing ability in front wheel drive, easy to pass speed bumps.

## Water tank and garbage bin

Large capacity, simple disassembly, continuous operation without stopping, and the garbage bin is equipped with easy to move casters, making it more convenient to dump garbage.

**Clear Water Tank 30L**

**Waste Dust Tank 100L**

## Factory cleaning, one machine solution to all cleaning problems

Leaves, debris, cigarette butts, dust, etc., can be easily cleaned with just one sweep

**FALLEN LEAVES**

**CIGARETTE BUTT**

**WASTE**

**DUST**

**DEBRIS**

## Unmatched Power That Never Quits

DRS-90T Ride-On Sweeper is a powerful ride-on machine built for quick and efficient cleaning of large areas, delivering high productivity with easy operation and consistent results.

**A FLOOR SCRUBBER ≈ FOUR CLEANERS**

**“WHY WORK HARDER?  
ONE FLOOR CLEANER DOES WHAT FOUR CAN'T!”**

**AUTOMATED CLEANING**

**MANUAL CLEANING**
